Double Glazed
Fixed Industrial Skylights

Specifications
A. Skylights shall be Baylight (curb mounted) by Bay Insulation, 2929 Walker Drive, Green Bay, WI 54311
B. The skylight shall be fully factory assembled consisting of a plastic dome using prismatic material with a CC-2 classification that is sealed by interior and exterior gaskets to a 6063-T5 heliarc welded aluminum frame fabricated of aluminum and polyurethane thermal break material to prevent thermal losses through the frame and the formation of condensation on its interior surfaces. The frame is to have an integral condensation channel. The aluminum retaining cap fasteners are to be corrosive resistant.
D. Skylight fasteners shall be #12 x 2” SMS spaced 12” O.C.
